

Welcome to St. Anthony Hospital

Please review the helpful information below to assist you in preparing for your procedure.

Your Surgery Date: \_\_\_\_\_ Time: \_\_\_\_\_

Your Pre-Admission Visit Date: \_\_\_\_\_ Time: \_\_\_\_\_

**PRE-OPERATIVE TESTING:**

A St. Anthony staff member will be calling you to schedule a pre-admission nurse visit appointment at the hospital prior to your procedure. During this visit, the nurse will obtain your health history including medications you are taking, allergies to medications, and past or present health issues you may have. Most adult patients require some testing (Lab/EKG/X-Ray) prior to surgery. If you require any of these tests they will be performed at this visit.

Your physician may give you orders and/or instructions for this nurse visit. If so, please bring these forms with you, along with your insurance card, your ID, and a list of your current medications including the amount of the medicine you take and how often you take it.

The pre-admission testing clinic phone number is 405-272-6608. You may call with questions any time Monday through Friday from 7:00am to 5:00pm.

The Pre-Admission Testing Clinic is located on the 1<sup>st</sup> floor of St. Anthony Hospital near the East Plaza entrance of the facility. The East Plaza entrance is accessible from Walker Avenue. A receptionist at the East Plaza entrance will be able to direct you to the clinic entrance.

*Thank you for selecting St. Anthony for your healthcare needs. We look forward to meeting you and your family.*
